

# Environmental protection enterprise announcement dry solar container

Single Phase Hybrid

5 Year  
Warranty Period

9 Year  
Global Leading Inverter Brand

Top 3  
World Single Phase PV Inverter Supplier

## Overview

---

Oct. 29, 2024 - The Port of Los Angeles has been awarded an unprecedented \$412 million grant from the U.S. Environmental Protection Agency (EPA)'s Clean Ports Program to support the zero-emission (ZE) transition at the nation's busiest trade gateway. The Inflation Reduction Act of 2022 provided EPA with \$3 billion to fund zero-emission port equipment and infrastructure as well as climate and air quality planning at U.S. ports. This funding program builds on EPA's Ports Initiative that helps our nation's ports, a critical part of our.

Oct. 29, 2024 - The Port of Los Angeles has been awarded an unprecedented \$412 million grant from the U.S. Environmental Protection Agency (EPA)'s Clean Ports Program to support the zero-emission (ZE) transition at the nation's busiest trade gateway. The Port and its private sector partners will. The Port of Los Angeles (POLA) has received a historic US\$412 million grant from the United States Environmental Protection Agency's (EPA) Clean Ports Program to advance its zero-emission (ZE) transition. With an additional US\$236 million from private sector partners, the total US\$644 million. The Action Plan for Maritime Energy and Emissions Innovation (the action plan) lays out a strategy to reduce and eliminate nearly all greenhouse gas (GHG) emissions in the U.S. maritime sector by 2050, in line with the U.S. economy-wide goal of net-zero GHG emissions by 2050. To reach this goal. EPA is planning to propose new rules to improve the management and recycling of end-of-life solar panels and lithium batteries. EPA is working on a proposal to add hazardous waste solar panels to the universal waste regulations found at Title 40 of the Code of Federal Regulations Part 273 To view. — DOE announced selected projects for the MORE PV funding program on Sept. 12, 2024. The U.S. Department of Energy (DOE) Solar Energy Technologies Office (SETO) announced the FY23 Materials, Operation, and Recycling of Photovoltaics (MORE PV) funding opportunity, which will provide up to \$20.
