FLEXIBLE SETTING OF MULTIPLE WORKING MODES

Contact a Fiber team

Contact a Fiber team Hello! We are happy to assist you. To make sure we get your inquiry to the right team, please tell us more about you. I've signed up for Google Fiber (issue relating to account ...

Unable to get ipv6 WAN address

Hey guys, this seems to have started after I got Google Wifi installed, and had Google Fiber update my fiber jack. I had the original fiber jack, and original router with them where I was able to get an IPv6 ...

Google Fiber Community

Screen says Google Fiber authenticating, this may take a moment, but it hasn't changed in 20 minutes Can I use the old google fiber tv remote for the new Google Chromecast with TV View all

How can I change my google fiber wifi from 2.4 to 5ghz?

How can I change my google fiber wifi from 2.4 to 5ghz? I've googled it and it says to go to the network tab after logging into google fiber, but I can't seem to find it anywhere and can't change anything.

High Voltage Solar Battery

Reduce wireless interference

Google Fiber's wireless technology operates at a frequency of 2.4 and/or 5 GHz. Many cordless phones, microwave ovens, baby monitors, garage door openers, and other wireless electronics also operate a

What to do when Fiber Jack blinks constant blue after installing new

A Fiber Jack should only blink blue when it's in the process of updating firmware, and certainly shouldn't continue blinking for days on end. I would first try simply powercycling the Fiber Jack by unplugging ...
