

# Sungrow solar container integration

## Overview

---

One of the standout features of Sungrow's energy storage containers is their seamless integration with existing power systems. They can easily connect with various energy sources, including solar, wind, and traditional energy grids. In 2006, Sungrow ventured into the energy storage system (ESS) industry. Relying on its cutting-edge clean power conversion technology, industry-leading battery technology and grid forming technology, Sungrow focuses on integrated energy storage systems solutions. The core components of these systems. Sungrow, the global leading PV inverter and energy storage system provider, is showcasing a suite of cutting-edge innovations at RE+ 2025. The lineup of new products released to the North American market includes the second-generation modular inverter for utility-scale PV projects; the. At Sungrow, we are committed to promoting the development and application of clean energy across all major energy technology sectors, including solar, wind, storage, electrification, and hydrogen. Our goal is to increase the adoption of clean energy and drive more creative, innovative ways to use. On September 9, 2025, at RE+ 2025 in Las Vegas, Sungrow introduced three new clean energy solutions designed for the North American market. The company launched the 4.8 MW SG4800UD-MV-US modular inverter, which combines the benefits of central and string inverters, reduces balance-of-system costs. New products launched for the North American market include modular utility-scale PV inverter, 6.9 MWh BESS in a 20-foot container, and cutting-edge technology extending to C&I uses. LAS VEGAS, Sept. 10, 2025 /PRNewswire/ -- Sungrow, the global leading PV inverter and energy storage system. Las Vegas, United States - September 9, 2025 - Sungrow, a globally recognized leader in photovoltaic inverters and energy storage systems, introduced a range of advanced clean energy solutions at RE+ 2025. The new offerings include a second-generation modular inverter for utility solar projects.
