UPS Test Tracking Numbers (is there a such thing?)

9 You can use production tracking numbers on the UPS test environment. Moreover, on the Appendix H of the Tracking Web Service Developers Guide (December 31, 2012), you can find a list of tracking ...

Is it ok to turn off and unplug my ups at night?

0 I recommend turning off the UPS power button but keeping it plugged in to maintain the charge. What I found is that when continuously running the battery will become weak and if power ...

View past notifications in Windows 10 and 11?

New with Windows 10 seems to be the Notification Area. Now, I've seen a few notifications (in the Action Center). The problem is that I haven't understood any of them (actively using computers for 30

The UPS testing url for their Tracking REST API returns the same

5 According to UPS API support, returning the same response for their testing/sandbox environment is the intended behavior. My

question to UPS support (I attached the HTTP response ...

Can you plug a UPS into another UPS?

Simpler overall answer regarding UPS or surge protectors or plain old power strips : Don't plug them into each other. There's a risk from fire, data loss, and equipment damage from someone ...

How to choose a UPS / calculate power for a new PC

I've read good reviews for an APC Back-UPS ES 700VA - which is 700VA, but it's output capacity is only 405 Watts. Does that mean the 700W power supply in my new PC is over-spec'ed? ...

How can UPS turn computer on after it was shut down by power loss?

Suppose computer is connected to UPS and UPS is connected to the computer with USB cable. Some software runs on the computer, which is capable to shut it down gracefully on ...
