Les Paul vs. SG

SG. To me, an SG Classic (or a vintage Special or Jr.) with the P-90s is the undisputed King of Tone, and a bargain to boot. I love all the mystique of the Les Paul as well as the sound, but I ...

Epiphone Serial Number Decoding

This is a guide to help you identify your guitar's place and year of manufacture by the instrument's serial number alone, based on the information given on the unofficial Epiphone wiki ...

SG-3 Special from 2008

Hi everyone, I have a seller offering me a pretty unique, or at least hard to find, Gibson SG with a 6-point rotor selector switch, a faded ebony finish, 3 uncovered pickups, and a serial number ...
